DETAILED ACTION

1. Claims 1-26 are allowed.
2. The following is an examiner's statement of reasons for allowance: applicant's arguments filed on 6/16/2004 regarding claims 1-26 are persuasive, specifically for claims 1, 11, 15 and 23, a computer process interface library comprising objected based objects and classes integrated into the automation interface component, the computer interface library exposing the automation interface component to a client application process which communicates with the at least one industrial controller programmatically. Claims 2-10, 12-14, 16-22 and 24-26 are allowable because of their dependency on allowable independent claims 1, 11, 15 and 23 respectively.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
